Policies for the Safeguarding of Children

Aims

The safety and protection of children is of paramount importance to everyone associated with this school. To this end we aim to have in place robust procedures to ensure that:

- we meet our responsibilities for safeguarding children from abuse
- school personnel are protected against false allegations of abuse

Responsibilities of Governors

Governors have a responsibility to:

- ensure that the child protection policy and all appendices are in place and up to date
- appoint a senior member of staff to act as the designated child safeguarding coordinator
- nominate a governor to liaise with the child safeguarding coordinator
- ensure that staff are appointed in line with safe recruitment procedures
- ensure that CRB checks are undertaken for everyone working with children in our school
- undertake appropriate training about the ways of safeguarding children
- receive an annual report from the Head Teacher
- review the policy annually and make appropriate amendments

The Nominated Governor is: Ruth Jones

Responsibilities of the Designated Person (Headteacher)

The Head Teacher has a responsibility to:

- implement the policy
- monitor the policy
- report annually to the governing body on the effectiveness of the policy
- ensure that all cases of suspected or actual problems associated with child protection are investigated
- keep up to date with all new guidance on safeguarding children
- organise appropriate training for school personnel and governors
- liaise with the Nominated Governor
- annually review the policy

The Designated Person is: Chris Jackson

Responsibilities of the Deputy Designated Person (Deputy Head Teacher)

The Deputy Designated Person has a responsibility to:

- assist the Head Teacher in the implementation of this policy

The Deputy Designated Teacher is: Jenny Munslow

Responsibilities of School Personnel

School personnel have a responsibility to:

- be aware of this policy and procedures
- be aware of the names of the designated teachers
- understand the signs of harm and abuse
- know how to report any suspected case of harm or abuse

Parents: Parents are aware that we have a responsibility for the welfare of all our pupils and that we have a duty to involve Social Services if we have any concerns about a child.

Policies for the Safeguarding of Children

Part 1: Child Protection Policy

Child Protection Policy following the Safeguarding Children in Education Guidance April 2008 and in line with The All Wales Child Protection Procedures 2008.

Introduction

1.1 The school fully recognises the contribution it makes to child protection.

There are three main elements to our policy:-

- A. Prevention through the teaching and pastoral support offered to pupils;
- B. Procedures for identifying and reporting cases, or suspected cases of abuse. Because of our day to day contact with children school staff are well placed to observe the outward signs of abuse; and
- C. Support to any pupils who may have been abused.

1.2 This policy applies to all staff and volunteers working in the school and its governors. It is recognised by this school that all staff that come in to contact with children can often be the first point of disclosure for a child. This first point of contact is an important part of the child protection process, and it is essential that all staff are aware of and implement the schools procedures as noted in this policy.

Prevention

2.1 This school recognises that high self-esteem, confidence, supportive friends and good lines of communication with a trusted adult help to safeguard children at our school.

The school will therefore:-

- A. Establish and maintain an ethos where children feel secure and encouraged to talk and share their concerns and where they will be listened to;
- B. Ensure that children know that all adults in this school can be approached if they are worried or concerned about matters that concern them, their siblings or friends.
- C. Include in the curriculum, activities and opportunities for Personal and Social Education (PSE) which equip children with the skills they need to stay safe from abuse and to know that they can turn to staff for help; and
- D. Include in the curriculum, material which will help children develop realistic attitudes to the responsibilities of adult life,
- E. Particularly with regard to childcare and parenting skills.

Procedures

3.1 At this school we will follow the All Wales Child Protection Procedures (April 2008) and other guidance and protocols that have been endorsed and agreed by the Newport Safeguarding Children Board. (NSCB)

3.2 The school will:-

- A. Ensure it has a named designated senior member of staff who has undertaken the appropriate training in line with agreed national and local requirements. This school will also nominate a named deputy who will be the central contact in times when the designated person is absent. In the unlikelyhood that both are absent or unavailable the most senior person will act as contact point for other staff.

Policies for the Safeguarding of Children

- B. Recognise the role of the designated person and arrange support and training. The school will look to the NSCB and in particular the Authority's Child Protection Officer for Education (CPO) for guidance and support in all child protection matters in assisting the school's designated person.
- C. Ensure that all members of staff, including permanent, part time and adult volunteers, along with every governor knows:-
- the name and contact details of both the designate and deputy person responsible for child protection;

Designated Person – Chris Jackson (Head Teacher)

Deputy – Jenny Munslow (Deputy Head Teacher)

-that it is the named designated person and/or their deputy who have the responsibility for making child protection referrals within NSCB timescales, by completing the agreed multi-agency form. That the designated person and deputy will seek advice from the CPO and or Social Services Duty and Assessment Team if necessary when a referral is being considered; **if in doubt a referral must be sent**. That the referring person will ensure that the CPO will be sent a copy of the referral as soon as it is practically possible.

- D. Ensure that all members of staff are aware of the need to be alert to signs of abuse and know how to respond to a pupil who may disclose abuse. That all members of staff will be offered and expected to attend appropriate training and updates as arranged by the school (at least annually).
- E. Ensure that parents have a clear understanding of the responsibility placed on the school and its staffs for child protection by setting out their obligations in school prospectus and other forms of communications. In particular, there is a clear obligation that 'the welfare of the child is paramount' and in some circumstances this may mean that the parents are not initially informed of a referral made by the school. This circumstance is in line with All Wales Child Protection Procedures guidance.
- F. Provide training for all staff so that they know:-
- their personal responsibility;
 - to be cognisant of agreed local procedures (NSCB)
 - the need to be vigilant in identifying suspected cases of abuse; and
 - how to support a child who discloses abuse, particularly the do's and don'ts
- G. Notify the CPO and Social Services if:-
- a pupil on the child protection register is excluded either for a fixed term or permanently; and
 - if there is an unexplained absence of a pupil on the child protection register of more than two days duration from school (or one day following a weekend)
- H. Work to develop effective links with relevant agencies and co-operate as required with their enquiries regarding child protection matters including attendance at initial and review child protection conferences and core groups; and support these with the submission of written reports.
- I. Keep written records of concerns about children (noting date, event and action taken), even where there is no need to refer the matter to agencies responsible for formal investigation.
- J. Ensure that all records and files are kept secure and in locked locations. The designated person is responsible for the security, compilation and storage of all records and should be able to access and produce them in times of need. It is the responsibility of the designated person to ensure that any

Policies for the Safeguarding of Children

transfer of records is conducted via the Authority's agreed protocol and procedures for the 'Transfer of Sensitive Information'.

- K. Adhere to the procedures set out in the Welsh Assembly Government guidance circular 45/2004 Staff Disciplinary Procedures in Schools.
- L. Ensure that all recruitment and selection procedures follow all national and local guidance. The school will seek advice and guidance from the Authority's Human Resources Department on recruitment and selection.
- M. Seek to designate a governor for child protection who will champion and oversee the school's child protection policy and practice. This governor will feed back to the Governing body on child protection matters as and when required and will give a verbal annual report to the body on the school's child protection activities.

Designated Governor - Ruth Jones

Supporting the pupil at Risk

4.1 At this school we recognise that children who are at risk, suffer abuse or witness violence are often affected by these in adverse ways, some may be deeply troubled by these events.

4.2 This school may be the only stable, secure and predictable element in the lives of children at risk. Nevertheless when at school due to these adverse factors their behaviour may be challenging and defiant or they may be withdrawn. At this school we will endeavour to be patient and supportive to the children at risk.

4.3 The school will endeavour to support the pupil through:-

- A. The content of the curriculum to encourage self esteem and self motivation (see section 2 of this policy on Prevention);
- B. The school ethos which:-
 - i) promotes a positive, supportive and secure environment; and
 - ii) Gives pupils a sense of being valued (see section 2 on Prevention);
- C. The school's behaviour policy is aimed at supporting vulnerable pupils in the school. All staff will follow a consistent approach which focuses on the behaviour of the offence committed by the child but does not damage the pupil's sense of self worth. The school will express and explain to all pupils that some behaviour is unacceptable, (Shared with parents via school brochures and other points of communication) but each individual is valued and not to be blamed for any abuse which has occurred. Staff should read the school's Behaviour Policy in conjunction with this and other named policies noted in this policy.
- D. Liaison with other agencies who support the student such as Social services, Child and Adolescent Mental Health services, the Educational Psychology Service, Education Welfare Service and others; and
- E. Keeping records and notifying Social Services if there is a recurrence of a concern with the individual.

4.4 When a pupil on the child protection register leaves, we will transfer the sensitive information to the new school immediately (Using the agreed policy and procedures for the 'Transfer of Sensitive Information' and the designated person will be central to this process) and if not already done, to inform Social Services of the move.

Behaviour

4.5 This school has a behaviour policy which clearly states our values and expectations. This is a separate policy which is reviewed on a regular basis by the Governing Body and can be located on the staff shared area in 'Policies' as well as in the Head Teachers office.

Policies for the Safeguarding of Children

Bullying

4.6 The school's policy on Bullying has been set out in a separate document as part of Safeguarding. It can be located on the staff shared area in 'Policies' as well as in the Head Teachers office.

Physical Intervention

4.7 The school's policy on Physical Intervention has been set out in a separate document as part of Safeguarding. It can be located on the staff shared area in 'Policies' as well as in the Head Teachers office.

E Safety

4.8 The school's policy on E Safety has been set out in a separate document as part of Safeguarding. It is also part of the schools IT policy. It can be located on the staff shared area in 'Policies' as well as in the Head Teachers office.

Children with Statements of Special Educational Needs (SEN)

4.9 This school recognises that children with behavioural difficulties and disabilities are statistically most vulnerable to abuse. School staff who deal with children with profound and multiple disabilities, sensory impairment and or emotional and behaviour problems need to be particularly sensitive to signs of abuse. The school's policy on SEN can be located on the staff shared area in 'Policies' as well as in the Head Teachers office.

Children who enter the Looked after System

4.10 This school recognises that children who enter the Looked after System are often the most vulnerable and needy. The school's policy on Looked after Children (LAC) has been set out in the ALN Policy.

Information for all staff

5.1 What to do if a child tells you they have been abused by a member of staff or someone other than a member of staff.

Where the allegation is against a member of staff you should refer to the LA's guidance which takes into account the Welsh Assembly Government's guidance circular 45/2004. This guidance can be found on the Newport City website

If an allegation of abuse is made against a member of staff this must be reported to the Head Teacher. If the concern is about the Head Teacher this must be reported to the Chair of Governors. If in doubt you can contact the Authority's CPO for guidance and advice.

A child may confide in any member of staff and may not always go to a member of the teaching staff. Staff to whom an allegation is made should remember:-

- Yours is a listening role, do not interrupt the child when they are freely recalling events. Limit any questions to clarifying your understanding of what the child is saying. Any questions should be framed in an open manner so not to lead the child;

Policies for the Safeguarding of Children

- You must report orally to the school's **Designated Person for Child Protection or their Deputy** in their absence immediately to inform them of what has been disclosed. In the unlikely event of both being absent seek out the most senior person in the school;
- Make a note of the discussion, as soon as is reasonably practical (but within 24 hours) to pass on to the school's designated person for child protection. The note which should be clear in its use of terminology should record the time, date, place, and people who were present and should record the child's answers/responses in exactly the way they were said as far as possible. This note will in most cases be the only written record of what has been disclosed and as it being the initial contact an important one in the child protection process. Remember, your note of the discussion may be used in any subsequent formal investigation and or court proceedings. It is advised that you retain a copy in a safe place;
- Do not give undertakings of absolute confidentiality (see note following this section for more details). You will need to express this in age related ways to the child as soon as appropriately possible during the disclosure. This may result in the child 'clamming up' and not completing the disclosure, but you will still be required to share the fact that they have shared a concern with you to the designated person. Often what is initially shared is the tip of an iceberg;
- Your responsibility in terms of referring concerns ends at this point, but you may have a future role in terms of supporting or monitoring the child, contributing to an assessment or implementing child protection plans. You can ask the designated person for an update but they are restricted by procedures and confidentiality and may be limited in their response. The level of feedback will be on a need to know and however it is shared is strictly confidential and not for general consumption with others.

Confidentiality

6.1 The school and staff are fully aware of confidentiality issues if a child divulges that they are or have been abused. A child may only feel confident to confide in a member of staff if they feel that the information will not be divulged to anyone else. However education staff (that is all staff at this school) have a professional responsibility to share relevant information about the protection of children with the designated statutory agencies when a child is experiencing child welfare concerns.

It is important that each member of staff deals with this sensitively and explains to the child that they must inform the appropriate people who can help the child, but they will only tell those who need to know in order to be able to help. Staff should reassure the child and tell them that their situation will not be common knowledge within the school. (ie. not discussed with other staff) Staff need to be aware that it may well have taken significant courage on the part of the child to disclose the information and they may also be experiencing conflicting emotions, involving feelings of guilt, embarrassment, disloyalty (if the abuser is someone close) and hurt.

Training

The school will be cognizant of national and local training requirements and guidance, which will include Newport Safeguarding Children Board's (NSCB) guidance, advice and training opportunities.

7.1 The school will ensure that the Designated Person for Child Protection (DCP) will have received initial training when starting their role and continued professional updates as required. Specific updates as suggested by national and local requirements will be central to the DCP's development. The designated deputy will be initially supported by the designated person and consideration for joint opportunities for training with the designated person will be considered.

7.2 All staff training will be regularly updated during the year as appropriate by the designated person and will receive specific awareness raising training within a 2-3 year period.

7.3 The governing body will also receive awareness raising training and the nominated governor will be offered opportunities for more specific training.

Policies for the Safeguarding of Children

Part 2: Safe Recruitment (including DBS Disclosure Checks)

Aims

To have in place clear procedures for CRB Disclosure checks for all school personnel, volunteers and new appointments in order to ensure the safety and welfare of children and young people.

In line with our commitment to the safety and welfare of children we are fully committed to the procedures and arrangements of the Criminal Records Bureau and Independent Safeguarding Authority.

This policy complies with the Welsh Assembly documents:

- "Safeguarding Children - Working Together Under the 2004 Act"
- "Safeguarding Children in Education 005/2008"
- the Data Protection Act
- CRB code of Practice.

This policy will be revised to comply with the ISA Vetting and Barring Scheme requirements.

We acknowledge the immense importance of the CRB in providing access to Disclosure checks for school personnel, volunteer helpers and for new appointments to this school.

Enhanced disclosures will be applied to the following categories:

The Headteacher, Teachers, Teaching Assistants, Supply Teachers, Students, Administrative Staff, Volunteer Helpers, Caretaker.

Employers of the following groups are responsible for ensuring their staff have enhanced CRB checks:

- Cleaning and catering staff
- Holiday clubs such as 'Superstars' who use school

This will be checked by the Headteacher.

DBS disclosures will not be applied to the following as it is felt that they will have very little, if any, contact with children, they will be escorted whilst on the school premises or that they will work under the supervision of a teacher:

- Governors (CoG and Vice CoG have been CRB checked)
- Secondary pupils on work experience
- Representatives from educational firms
- Contractors
- Occasional school event volunteers

We will consider any person with a criminal record equally with others applying for any vacant post at this school unless their DBS disclosure check indicates that they present a risk to children.

Roles

Role of the Governing Body

The Governing Body has:

- delegated powers and responsibilities to the Headteacher to ensure DBS disclosures are in place
- adopted the LA DBS Disclosure Policy
- responsibility for the effective implementation, monitoring and evaluation of this policy

Role of the Headteacher

The Headteacher will:

- implement this policy
- ensure all school personnel and volunteer helpers are aware of it;

Policies for the Safeguarding of Children

- monitor and evaluate the effectiveness of this policy

In compliance with the CRB Code of Practice and the Data Protection Act all Disclosure information and records of all school personnel will be safely handled, securely stored, retained and disposed of in a secure manner.

We have in place Single Central Record which records the receipt of all satisfactory DBS Disclosures.

Policies for the Safeguarding of Children

Part 3: Caring for a Sick Child at School.

Aim:

To have in place appropriate procedures to deal with children who become ill at school. Everyone associated with our school recognises that we have a duty to ensure the health and well being of all children in order for them to be successful learners in a learning environment that is clean, healthy and safe for everyone. Therefore, it is our responsibility to deal with all children who become sick at school in a kind and caring manner.

We believe that if a child is displaying signs of illness then a parent/carer has a duty not to send their child to school. Likewise school personnel have a duty to assess the condition of any child who is thought to be unwell and to contact the parent/carer requesting the child should be taken home.

We are aware that all children are subject to coughs and colds at sometime and these should not prevent them from attending school. But we do ask parents/carers not to send their children to school if they are showing signs of vomiting, diarrhoea, any type of rash, conjunctivitis, flu, chicken-pox, mumps, measles or high temperature.

We recognise the importance of working closely with parents/carers and we believe we have good lines of communication in place. But in order to ensure the health and well being of all children everyone must be aware of their role and responsibilities when a child is displaying signs of illness.

We believe it is only correct for a child suffering from an infectious or contagious disease to be excluded from school until they are fully recovered. We have a duty of care for all pupils and school personnel and, therefore, we request parents to consult with their GP before their child returns to school and if need be we will seek advice from the Local Health Authority.

Roles

Role of the Governing Body

The Governing Body has:

- delegated powers and responsibilities to the Headteacher to put into place procedures to ensure sick children are identified and are cared for appropriately
- responsibility for the effective implementation, monitoring and evaluation of this policy

Role of the The Headteacher

The Headteacher will implement procedures to:

- protect the health and safety of children and school personnel
- deal with children taken ill at school
- ensure school personnel and parents are aware of this policy
- organise first aid training for designated members of staff
- ensure that children's records and emergency contact numbers are kept up to date
- monitor the effectiveness of this policy

Role of School Personnel

School personnel will:

- ensure compliance with this policy
- assess the condition of any child thought to be unwell in a kind and caring manner
- notify the school administrator of any child taken ill
- ensure that a child's parents/carers are made aware of their concerns about the child's health

Policies for the Safeguarding of Children

- ensure the comfort of an ill child by ensuring that someone stays with them while awaiting for the parents to arrive
- seek immediate medical advice if a child is in danger
- call for an ambulance
- in cases of emergency, make every effort to contact the child's parents immediately
- escort a child to hospital in the absence of a child's parents
- ensure records are kept of all children taken ill and sent home while at school
- issue specific health guidelines/advice as appropriate
- in the case of chronic illness, individual medical plans and risk assessments will be put in place supported by the school link nurse and reviewed and revised as appropriate.

Role of Parents

Parents/carers will be asked to:

- notify the school of any changes to their contact details
- co-operate with the school by keeping their child at home if they are unwell or showing any signs of vomiting, diarrhoea, any type of contagious rash, impetigo, flu, chicken-pox, mumps, measles or high temperature
- consult with their GP if their child is suffering from one of the communicable diseases
- inform the school if their child is not their normal self when brought to school but is not showing any signs of illness.

Policies for the Safeguarding of Children

Part 4: Caring for a Vulnerable Child at School

Aims

- To ensure that all school personnel are aware of their responsibilities for safeguarding and promoting the welfare of children
- To have in place clear structured procedures to identify and report suspected cases of child abuse
- To provide support and guidance for pupils identified as being vulnerable.

We consider a child to be vulnerable if they are:

- Looked After Children
- Regularly bullied (including cyber bullying)
- suffering from neglect, physical abuse, sexual abuse or emotional abuse
- suffering from bereavement
- refugees/asylum seekers
- the main carer within the home
- children with a disability
- excluded from school

We believe we have worked hard to create and maintain an ethos in which we provide care, support and guidance so that pupils feel secure and confident enough to talk if they are experiencing difficulties. Pupils understand that we are prepared to listen to them and we value their views.

We ensure that all school personnel receive regular training in safeguarding techniques so that we are able to recognise the signs and symptoms of suspected child abuse and that they are aware of the procedures of reporting such cases.

We have in place an effective system for monitoring those children identified as being vulnerable and excellent lines of communication with external support agencies.

Policies for the Safeguarding of Children

Part 5: Administering Medicines

We acknowledge that under the standard terms and conditions for the employment of teachers there is no legal duty for them to administer or to supervise a child taking medication.

No non emergency medicines will be administered by staff.

Parents / carers can make arrangements to administer non-prescription or prescription medicine at lunch time or during the school day if required.

Aims

- To outline the procedures for administering emergency medicines to pupils.

Procedure

Role of the Governing Body

The GB has:

- appointed a member of staff to be the Coordinator for Health and Safety, who is currently the Headteacher - Chris Jackson
- a responsibility for the effective implementation, monitoring and evaluation of this policy

Role of the Headteacher

The Headteacher will:

- ensure the administration of emergency medicines by putting into practice effective strategies and examples of good practice
- inform parents of the school policy via the school prospectus
- ensure parents review medicines held in school to ensure that they are still in date
- organise appropriate training for the administration of inhalers or epipens

Role of the Designated Person/s

Members of the school personnel who have volunteered to administer or supervise the taking of medication will:

- be up to date with the Individual Health Care Plans for those pupils with specific medical needs or emergency medication such as asthma inhalers or epipens

Role of Parents/Carers

Parents/carers must provide:

- written permission by completing the Medication Consent Form
- take responsibility for ensuring asthma inhalers and epipens held in school are in date
- sufficient medical information on their child's medical condition
- the medication in its original container
- sufficient medicine for the dosage to be given in school

Administration of Prescribed Medicines

Members of the school personnel who have volunteered to administer or supervise the taking of medication will:

- be aware of Individual Health Care Plans and of symptoms which may require emergency action
- read and check the Medical Consent Forms before administering or supervising the taking of medicines
- check that the medication belongs to the named pupil
- check that the medication is within the expiry date
- inform the parent if the medication has reached its expiry date

Policies for the Safeguarding of Children

- confirm the dosage/frequency on each occasion and consult the medicine record form to prevent double dosage
- always take appropriate hygiene precautions

Medication Record

The following information must be supplied by the parent/carer:

- Name and date of birth of the child
- Name and contact details of the parent/carer
- Name and contact details of GP
- Name of medicines
- Details of prescribed dosage
- Date and time of last dosage given
- Consent given by parent/carer for staff to administer medication
- Expiry date of medication
- Storage details

Security

All medications will be kept in a secure place and accessible only to the designated persons

Educational Visits

On educational visits a designated person will also attend in order to administer medications

Sporting Activities

We will ensure that pupils have immediate access to asthma inhalers during sporting activities in the school day and during extra-curricular clubs.

Policies for the Safeguarding of Children

Part 6: Intimate Care

We believe intimate care is any activity such as feeding, oral care, washing, changing clothes, toileting, first aid and medical assistance, comforting and support, and supervising intimate self-care that is required to meet the personal needs of a child regularly or during a one-off incident.

We have a duty to safeguard children and school personnel at all times. We aim to develop independence in each child but on those occasions when children need assistance they must feel safe, have personal privacy, feel valued, be treated with dignity and respect, become involved and consulted about their own intimate care with school personnel that are specially trained in intimate care procedures.

We aim to treat every child as an individual treating them as gently and as sensitively as possible.

Aims

- To safeguard the rights of children.
- To safeguard school personnel trained in intimate care procedures.

Role of the Governing Body

The GB has:

- delegated powers and responsibilities to the Headteacher in the delivery of this policy;
- responsibility for the effective implementation, monitoring and evaluation of this policy

Role of the Headteacher

The Headteacher will ensure:

- all school personnel are aware of this policy
- all parents are aware of this policy
- that new developments, resources and equipment are brought to the attention of the appropriate school personnel
- that this policy is monitored and evaluated and any recommendations for improvement are reported to the GB

Role of School Personnel with Responsibilities for Intimate Care

School personnel will:

- be professional in their duties at all times
- be respectful of a child's needs
- preserve a child's dignity and respect with a high_level of privacy, choice and control appropriate to the child's age and situation
- be aware of their own limitations
- promote positive self-esteem and body image
- work in partnership with parents/carers
- report any concerns they have about a child
- report any concerns they have about a colleague's intimate care practice
- be aware of the danger of allegations being made against them
- take precautions to avoid risk
- ensure the changing of children by staff is to be carried out in pairs

Policies for the Safeguarding of Children

Role of Parents

Parents will:

- advise the school of any known intimate care needs relating to their child;
- be involved with their child's intimate care arrangements on a regular basis.

Rights of the Child

All children have the right to be treated:

- with sensitivity and respect in such a way that their experience of intimate care is a positive one;
- by professionals suitably trained and assessed to be competent to undertake procedures in intimate care.

Monitoring the Effectiveness of the Policy

The effectiveness of this policy will be reviewed annually, or when the need arises. The necessary recommendations for improvement will be made to the governors.

Policies for the Safeguarding of Children

Advice for Staff at School

(taken from National Employers' Organisation for School Teachers (NEOST) Guidelines and from General Teaching Council for Wales (GTCW) Guidelines.

1.1 Private meetings with pupils

- (a) Staff and volunteers should be aware that private meetings with individual pupils may give rise to concern. While there will be occasions when a confidential interview or a one to one meeting is necessary, wherever possible, such interviews should be conducted in a room with visual access, or with the door open, or in a room or area which is likely to be frequented by other people, and another pupil or adult should be present or nearby. Where such conditions cannot apply, staff should ensure that another adult knows that the interview is taking place.
- (b) Meetings with pupils away from the school premises should only be arranged with the specific approval of the head teacher.

1.2 Physical Contact with pupils

- (a) Physical contact may be misconstrued by a pupil, parent or observer. Touching pupils, including well intentioned informal and formal gestures such as putting a hand on the shoulder or arm, can, if repeated regularly, lead to serious questions being raised. As a general principle staff must not make gratuitous physical contact with their pupils. It is particularly unwise to attribute touching to their teaching style or as a way of relating to pupils.
- (b) Any form of physical punishment of pupils is unlawful as is any form of physical response to misbehaviour unless it is by way of restraint. It is particularly important that staff understand this both to protect their own position and the overall reputation of the school.

1.3 Where physical contact may be acceptable

- (a) There may be occasions where a distressed pupil needs comfort and reassurance which may include physical comforting such as a caring parent would give. Staff should use their discretion in such cases to ensure that what is, and what is seen to be by others present, normal and natural does not become unnecessary and unjustified contact, particularly with the same pupil over a period of time. Where a member of staff has a particular concern about the need to provide this type of care and reassurance he/she should seek the advice of the headteacher.
- (b) Some staff are likely to come into physical contact with pupils from time to time in the course of their duties. Examples include: showing a pupil how to use a piece of apparatus or equipment; demonstrating a move or exercise during games or PE. Staff should be aware of the limits within which such contact should properly take place and of the possibility of such contact being misinterpreted.
- (c) There may be occasions where it is necessary for staff to restrain a pupil physically to prevent him/her from inflicting injury to others or self injury, damaging property, or causing disruption. In such cases only the minimum force necessary may be used and any action taken must be to restrain the pupil. Where an employee has taken action to physically restrain a pupil he/she should make a written report of the incident in the form prescribed by the school's policy on restraint.

1.4 Caring for pupils with particular problems

- (a) Staff who have to administer first aid should ensure wherever possible that other children or another adult are present if they are in any doubt as to whether necessary physical contact could be misconstrued.
- (b) Wherever possible staff who have to help children with toileting difficulties should be accompanied by another adult, and pupils should, wherever possible, be encouraged to change themselves. It is accepted that there will be some situations where pupils will present particular problems for staff and the emphasis will be on what is reasonable in all circumstances.

Policies for the Safeguarding of Children

Teachers should ensure that:

- They are aware of the potential dangers of being in a one-to-one situation with a pupil at any time but especially outside the school setting. This includes:
 - giving lifts to pupils
 - visiting their homes or contact in a social context
 - photographing or videoing of pupils which must comply with school guidelines
- They conduct conversations with a pupil about sensitive issues professionally
- They have regard to the safety and welfare of pupils.

Teachers should ensure that they do not:

- have inappropriate physical contact with pupils
- engage in personal correspondence with pupils
- discuss their own personal relationships with pupils
- swear at pupils, use offensive names or make inappropriate remarks about their gender, race, religion, sexual orientation, appearance, age, language or special needs.

Policies for the Safeguarding of Children

Part 7: E Safety

Introduction-Definition of E-Safety

The purpose of this policy is to ensure that all staff parents and governors understand and agree the school's approach to e-safety (electronic).

E-safety relates to the education of using new technology responsibly and safely, focusing on raising awareness of the core messages of safe content, contact and commerce when using technology. This can include accessing websites and online content, email, online chat rooms, mobile phones, gaming and games consoles, social networking sites, instant messaging (IM) and viruses and spam. The purpose of this policy is to ensure that all staff, parents and governors understand and agree the school's approach to e-safety.

There are a number of key risks to using new technologies, including:

- Physical danger
- Sexual abuse
- Bullying
- Identity theft
- Illegal behaviour
- Exposure to inappropriate content
- Obsessive use of ICT
- Copyright infringements

The importance of internet and digital communications

The internet is an essential element in 21st century life for education, business and social interaction. The school has a duty to provide pupils with quality Internet access as part of their learning experience. Internet use is a part of the statutory curriculum and a necessary tool for staff and pupils.

Other Related Policies

The school's e-safety policy will operate in conjunction with other policies including:

- Learning and Teaching
- Anti-Bullying
- Child Protection
- PSE Policy
- ICT/Curriculum
- Data Protection
- Security
- Health and Safety

These policies / statements are set out in separate documents and are reviewed regularly by the governing body. Sanctions for the misuse of technology are consistent with sanctions for other inappropriate behaviours.

The purpose of this policy is to:

- Through consultation with pupils and staff establish the ground rules we have for using the Internet and electronic communications such as mobile phones, collaboration tools and personal publishing. It highlights the need to educate pupils about the benefits and risks of using technology and provides safeguards and awareness for users, to enable them to control their online experience
- Describe how these fit into the wider context of our discipline and PSE policies
- Demonstrate the methods used to protect children from sites containing pornography, racist or politically extreme views and violence

Policies for the Safeguarding of Children

- Understand that accessing inappropriate sites accidentally is not something to feel guilty about and that any such incident should be reported to staff immediately.

The role of Technologies in Teaching and Learning

Benefits of using internet in education include:

- access to world-wide educational resources including museums and art galleries
- educational and cultural exchanges between pupils world-wide
- vocational, social and leisure use in libraries, clubs and at home
- access to experts in many fields for pupils and staff
- Staff professional development through access to national developments and training opportunities
- materials and effective curriculum practice
- communication and collaboration with support services, professional associations and colleagues
- improved access to technical support including remote management of networks and automatic system updates
- exchange of curriculum and administration data with the Local Authority and the Education Achievement Service
- Access to learning wherever and whenever convenient.

Internet use will enhance learning

- The school Internet access is designed by Newport City Council and it includes filtering appropriate to the content and age of pupils
- Pupils will be taught what internet use is acceptable and what is not and given clear objectives for Internet use
- Pupils will be educated in the effective use of the Internet in research, including the skills of knowledge location, retrieval and evaluation
- Pupils will be shown how to publish and present information to a wider audience
- As it is a requirement of the National Curriculum orders for ICT and is implied in other subjects.

Evaluation of Internet content

- The school will ensure that the use of Internet derived materials by staff and pupils complies with copyright law
- Pupils will be taught the importance of cross checking information before accepting its accuracy and the importance of identifying the source
- Pupils will be taught how to report internet content they find unpleasant.

How ESafety will be taught

Introducing the e-Safety policy to pupils:

In the Foundation Phase access to electronic technologies will be by adult demonstration with directly supervised access to specific, approved on-line materials, e-safety rules will be introduced and reinforced during these sessions (as appropriate to the age of the pupils).

- E-safety rules will be posted in class rooms and discussed with the pupils regularly.
- Instruction in responsible and safe use will precede Internet access in KS2.
- Pupils will be informed that network and Internet use will be monitored and appropriately followed up.
- E-safety training will be embedded within the ICT/IT scheme of work and supported by recognised educational websites guides to e-safety for primary schools.

E-safety will be taught from Nursery to Year 6, following the Digital-Literacy Cymru resources and e-safety resources on the Hwb. E-safety will be taught a minimum of once a half-term. E-safety assemblies will take place at least once a half term.

Managing Internet Access and Technologies

Information system security:

- School ICT systems security will be reviewed regularly

Policies for the Safeguarding of Children

- Virus protection will be updated regularly
- Portable media, such as memory sticks and CD-ROMs, may not be used by pupils without specific permission followed by a virus check
- Portable media, such as memory sticks and CD-ROMs, may not be used to save information on individual pupils
- Staff will use encrypted memory sticks to carry pupil information. This information will not be stored on home systems
- Unapproved system utilities and executable files will not be allowed in pupils' work areas or attached to e-mail.
- Files held on the school's network will be regularly checked.

E-mail

E-mail is an essential means of communication for both staff and pupils. Directed email use can bring significant educational benefits and interesting projects. However, un-regulated e-mail can provide a means of access to a pupil that bypasses the traditional school boundaries. In the school context, therefore, e-mail is not considered private and is monitored by staff, whilst trying to achieve a balance between monitoring that is necessary to maintain the safety of pupils and the preservation of human rights, both of which are covered by recent legislation.

- Pupils will only use approved e-mail accounts on the school system where contacts have been made and approved between organisations such as partner schools. Pupils may not access personal email accounts in school
- Foundation Phase and KS2 pupils will explore the skills of e-mail through appropriate educational systems
- Whole-class or group e-mail addresses are used at Key Stage 2
- Pupils must immediately tell a teacher if they receive an offensive e-mail
- In e-mail communication, pupils must not reveal their personal details or those of others, or arrange to meet anyone without specific permission
- Incoming e-mail should be treated as suspicious and attachments not opened unless the author is known
- Teachers to use their school e-mail accounts
- E-mail sent to an external organisation is written carefully and authorized before sending
- The forwarding of chain letters is not permitted
- The sending of abusive or inappropriate email messages is forbidden

Published content and the school website

The school website www.glasllwch.org celebrates the life of the school and the achievements of pupils. The point of contact on the Website is the school address, school e-mail and telephone number. Staff or pupils' personal information is not published.

The Head Teacher and the ICT Leader take overall editorial responsibility and try to ensure that content is accurate and appropriate. All staff, Chair of Governors and Chair of PTA have access to the website as appropriate.

Publishing pupil's images and work

- Parents will be clearly informed of the school policy on image taking and publishing
- Permission from parents or carers is obtained before photographs or work is published
- Photographs that include pupils are selected carefully so that individual pupils cannot be identified and their image misused
- Pupils' full names are not used anywhere on the Web site or other online space
- The copyright of all material is held by the school, or is attributed to the owner where permission to reproduce has been obtained
- Pupil image file names will not refer to the pupil by name.

Social networking and personal publishing

Policies for the Safeguarding of Children

- Pupils will not be allowed to access social networking sites but the school will consider how to educate pupils in their safe use
- Newsgroups will be blocked unless a specific use is approved
- Pupils will be advised never to give out personal details of any kind which may identify them, their friends or their location
- Pupils and parents will be advised that the use of social network sites outside school brings a range of dangers for primary aged pupils

Managing filtering

The school works in partnership with parents and Newport City Council to ensure that systems to protect pupils are reviewed and improved:

- If staff or pupils come across unsuitable on-line materials, the URL address and content must be reported to the Internet Service Provider via the ICT Leader.
- Senior staff will ensure that regular checks are made to ensure that the filtering methods selected are appropriate, effective and reasonable.

Managing video conferencing and web cam use

Video conferencing is always carefully supervised and pupils must ask permission before accepting or making any calls.

Managing emerging technologies

- Emerging technologies will be examined for educational benefit and a risk assessment will be carried out before use in school is allowed.
- The use of mobile phones is restricted to before and after school. Pupils are allowed to use them to contact their parents as agreed.
- The appropriate use of 'Learning Platforms' will be discussed as the technology becomes available within the school.

Protecting personal data

Personal data will be recorded, processed, transferred and made available according to the Data Protection Act 1998 and other relevant legislation.

The mis-use of Technology- E-Safety complaints

Prompt action is required if a complaint regarding the inappropriate use of the internet is made. The facts of the case need to be established, for instance whether the Internet use was within or outside school.

- Complaints of Internet misuse will be dealt with by a senior member of staff.
- Any complaint about staff misuse must be referred to the Headteacher.
- Complaints of a child protection nature must be referred to the named person and dealt with in accordance with school child protection procedures
- Pupils and parents will be informed of consequences for pupils misusing the Internet
- A minor transgression of the rules may be dealt with by the teacher as part of normal class discipline

Other situations could potentially be serious and a range of sanctions are in place, linked to the school's assertive discipline policy.

- Sanctions available include:
 - interview/counselling by Head Teacher
 - informing parents or carers
 - removal of internet or computer access for a period.

Parents and pupils will need to work in partnership with staff to resolve issues. As with other safeguarding issues, there may be occasions when the police must be contacted.

Staff and the e-Safety policy

Policies for the Safeguarding of Children

All staff (or persons not employed by the school who are likely to have access to the school's ICT systems) must read and sign the e-safety policy.

Staff should be aware that network and internet traffic can be monitored and traced to the individual user.

Discretion and professional conduct is essential. A list of users is recorded by the school.

Staff should also be aware that at home use of social networking sites requires selected contacts between adults and no contact with pupils attending Glasllwch Primary School. The monitoring of Internet use is a sensitive matter. Staff that manage filtering systems or monitor ICT use will be supervised by senior management and have clear procedures for reporting issues.

· Staff will use a child friendly safe search engine when accessing the web with pupils

· Staff will not use personal digital cameras or mobile phones to take images of pupils, but use the cameras allocated to each class.

Staff should be aware of the danger of using home gaming networks, such as X box 360 which do not require a password as information can unwittingly be passed to strangers.

Parent and Carer Responsibilities

- The school will ask new parents to sign the home / school agreement when they register their child within school and a partnership in e - safety approach with parents is encouraged
- Internet use in pupils' homes is increasing rapidly, encouraged by offers of free access and continual media coverage. Unless parents are aware of the dangers, pupils may have unrestricted access to the Internet
- Parents are also advised to check if pupils' use elsewhere, such as libraries, is covered by an appropriate use policy
- Parents'/Carers' attention will be drawn to the school's e-safety Policy in newsletters, the school handbook and on the school website
- Internet issues will be handled sensitively, and parents/carers will be advised accordingly
- A list of e-safety web sites giving advice for parents/carers can be found in the appendices.

Monitoring Evaluation and Review

The school will take all reasonable precautions to prevent access to inappropriate material. However due to the international scale of Internet content, it is not possible to guarantee that unsuitable material will never appear on a computer connected to our school network. Neither the school nor Newport City Council can accept liability for any material accessed, or any consequences of Internet access. Methods to identify assess and minimise risks will be reviewed regularly. The Headteacher will ensure that the e-safety policy is implemented and compliance with the policy monitored. The schools e-safety Policy and its implementation will be monitored and reviewed on an annual basis. The e-safety policy has been agreed by all staff and approved by the governors.

Policies for the Safeguarding of Children

Part 8: Anti Bullying Policy

Introduction

- This document is a statement of the aims, principles, and strategies for dealing with incidents of bullying at school.
- It was drawn up through a process of consultation with teaching staff and the School Council.

At Glasllwch Primary School we are committed to providing a caring, friendly and safe environment for all our pupils so that they may learn in a relaxed and secure atmosphere. If bullying occurs, all pupils should be able to tell an adult or 'Peer Mediator' at school and feel assured that incidents will be dealt with appropriately.

We define bullying as action taken by one or more children with the deliberate intention of hurting another child, either physically or emotionally, on a regular basis.

Aims

- We teach that bullying is wrong and damaging. We do all we can to prevent it, by developing a school ethos in which bullying is regarded as unacceptable
- We seek to promote a safe and secure environment where all can learn without anxiety
- This policy aims to produce a consistent school response to any bullying incidents that may occur
- We aim to make all those connected with the school aware of our opposition to bullying, and we make clear each person's responsibilities with regard to the eradication of bullying in our school.

Objectives

- We promote a non-aggressive ethos in school
- We raise the awareness of staff and pupils so that they understand the various forms of bullying.
- We reduce incidents of bullying through the implementation of the whole school Behaviour Policy on Assertive Discipline
- We have clear procedures for reporting bullying which are understood and followed.

What is Bullying?

We define bullying as a sustained or intentional act or occurrence which can take one of the following forms:

Physical: pushing, kicking, hitting, pinching or any use of violence

Verbal/ written name-calling, sarcasm, spreading rumours, teasing

Emotional: exclusion, tormenting (i.e. hiding books, threatening gestures), racial taunts, graffiti, gestures

Sexual: unwanted physical contact or abusive comments

Racial Harassment: (all incidents of racial harassment are recorded and Monitored)

Cyber: all forms of abuse involving the internet, social websites, chat rooms, mobile phones, email, text messages, photographs

The intention of all of the above is to harm or cause distress.

Procedure and Consequences

- Staff are on duty at break times and lunch times
- Children are not allowed to play in unsupervised areas

Policies for the Safeguarding of Children

- Staff and Peer Mediators (Busy Bees) watch for the isolated child, making sure that the child is not isolated due to bullying. Other children are encouraged to play with such children
- Children are made aware that bullying should be reported to an adult or to a Peer Mediator
- Peer Mediators have a designated bench on the yard that pupils can come to if they are feeling sad or lonely
- Whenever possible, the pupils will be reconciled
- In cases of repeated bullying, those involved will attend a meeting to discuss the problem either with the teacher, Deputy Head Teacher or Head Teacher.
- At this meeting the victim and the bully are often seen separately to get their views - it is usually appropriate to take notes
- The victim and the perpetrator(s) may then be seen together if it is difficult to establish whether bullying has taken place or whether there has been a clash of personalities or characters. If a meeting together occurs the aim is to emphasize that hurt, whether physical or emotional, has been caused and that the situation needs to move on so that this does not occur again. All people involved are encouraged to come up with their own ideas or suggestions as to how this may be achieved
- If such cases continue to give concern, parents may be informed and will be asked to discuss the problem
- An attempt will be made to help the bullies to change their behaviour. This may involve contracts being drawn up to monitor and improve behaviour
- Through Personal and Social Education (PSE), children will be made aware of what type of behaviour constitutes bullying. Stories, role play, worksheets may be used to address the problem of actions which give rise to bully versus victim
- If bullying continues, the bully will be withdrawn from the situations where bullying mainly occurs
- In serious cases, temporary exclusion or even exclusion will be considered

Supporting Children in their Response to Bullying - Our Four Step Approach

Children are encouraged to report incidents of bullying and intimidation. This reporting should be **IMMEDIATE** when the nature and level of intimidation is such that the victim is physically hurt or highly distressed.

When isolated incidents of teasing or name calling occur, children should be encouraged to follow this **4 STEP** approach.

1 IGNORE the individual or group who are teasing. This is often difficult, but usually very effective if it can be sustained.

2 If ignoring fails, **ASK** the individual or group to stop being unkind to them or others.

3 If teasing continues, **WARN** the participants that if they continue you will report it to a member of staff or a Peer Mediator.

4 If steps one to three have not been effective, and teasing continues **REPORT**, the incident to a member of staff. All children are made aware of this procedure, reinforced through class discussion, assemblies etc. The perception that they are 'telling on' other children is discouraged. Thus, if a pupil reporting an incident approaches a member of staff, the child is asked if the **4 STEP** approach has been followed and appropriate action will be taken.

Investigating Incidents of Bullying

Investigation into incidents of bullying is undertaken in the first instance by the supervising adult or the class teacher.

We recognise the need to gather as much information as possible. When appropriate, the adult dealing with the incident will talk to the victim, the perpetrator and any witness separately and then together.

It is often necessary to take notes of what is said.

If necessary, the children should be referred to a senior teacher, the Deputy Head or Headteacher. This structured approach is important - it is often inappropriate to send children to the Deputy Head or Headteacher as a first step.

Policies for the Safeguarding of Children

Investigation of more serious incidents

The following represents an agreed staged response towards serious incidents of bullying, and to other serious incidents of unacceptable behaviour.

1. The Head Teacher will discuss the incident with bully(ies) and victim(s), individually and then together. She will take notes of what is said, using, when appropriate, the children's own words. Class teacher will be informed of the outcome.
2. Bully(ies) will be told that any repetition of such behaviour will result in parents being contacted.
3. If similar behaviour is subsequently reported, parents will be requested to visit the school.
4. Parents and teacher or Head Teacher will discuss ways of dealing with the situation. Parents will be reminded that further incidents could result in a period of temporary exclusion from lunch or indeed, permanent exclusion from school, for a period of time.

In order to create an environment which encourages positive non-aggressive and threatening relationships, all staff at school are committed to the following;

- Using the whole School Assertive Discipline Policy
- Encouraging an open atmosphere in school
- Taking every allegation seriously
- Always listening to the children
- Supervising the playground and learning areas diligently.
- Using Circle Time as an opportunity to discuss the issue of bullying
- Raising the topic of 'Bullying' within the PSE curriculum when appropriate
- Talk about moments of disrespect and violence with the children.

The Role of Governors

The Governing Body supports the Headteacher in implementing this policy.

Governors do all that they can to eliminate bullying from our school, and to ensure that incidents of bullying are taken seriously and dealt with appropriately.

The Role of the Head Teacher

It is the responsibility of the Head Teacher to implement the school anti-bullying policy and to ensure that all staff are aware of the school policy and know how to deal with incidents of bullying.

The Head Teacher reports to the Governing Body about the effectiveness of the anti-bullying policy on request.

The Head Teacher ensures that all children know that bullying is wrong, and that it is unacceptable behaviour in our school. The Head Teacher draws the attention of children to this fact at suitable moments during the school week, often in assembly.

The Head Teacher works with staff to set the school climate of mutual respect, support and praise for success, so making bullying less likely. When children feel they are important and belong to a friendly and welcoming school, bullying is far less likely to be part of their behaviour.

The Role of Staff/Teachers

Policies for the Safeguarding of Children

Staff in our school take all forms of bullying seriously and intervene to prevent incidents from taking place. They may keep records of all serious incidents that happen to children in their class in their diaries or in the class behaviour book.

They refer to bullying during Circle Time and discuss issues relating to this. The teaching of strategies for dealing with bullying is a part of the P.S.E scheme of work and is referenced annually through the SEAL program studied by the whole school.

If teachers/staff witness an act of bullying, they do all they can to support the child who is being bullied. If a child is being bullied over a period of time, then, after consultation with the Headteacher, either the teacher or the Head Teacher informs the child's parents.

If staff become aware of any bullying taking place between members of a class, we deal with the issue immediately. This may involve counselling and support for the victim of the bullying, and punishment for the child who has carried out the bullying.

We spend time talking to the child who has bullied: We explain why the action of the child was wrong, and we endeavour to help the child change their behaviour in future. If a child is repeatedly involved in bullying other children, we inform the Head Teacher and if appropriate the Special Needs Co-ordinator. We may then invite the child's parents into the school to discuss the situation. In more extreme cases, for example where these initial discussions have proven ineffective, the Head Teacher or Designated Child Protection Teacher may need to consider whether the acts of bullying by or to a child warrant implementation of the child protection procedures. Teachers attempt to support all children in their class and to establish a climate of trust and mutual respect for all. By praising, rewarding and celebrating the success of all children, we aim to prevent incidents of bullying.

The Role of Peer Mediators (Busy Bees)

Peer Mediators are selected members of classes in Years 5 & 6 who are willing to monitor bullying in the playground and to intervene to support children who feel vulnerable. Busy Bees receive training by a designated member of staff.

Monitoring and review

This policy is monitored by the Head Teacher, who reports to Governors about its effectiveness, on request.

Policies for the Safeguarding of Children

Part 9 – Positive Handling

FOREWORD

This document is a result of a draft document produced by Newport LA in response to schools' requests following the publication of the W.O. Circular 37/38 Section 550A of the Education Act 1996: The Use of Force to Control or Restrain Pupils.

It should be read in conjunction with the LA's "Policy and Guidance Framework - The Use of Reasonable Force to Control or Restrain Pupils"(Draft January 2001). They have been written to make explicit the expectations that the LA has of school staff and those responsible for their training. Staff working with children and young people have a duty of care towards them and have a responsibility to act in ways to promote their well-being and safety. Staff acting in good faith, working within these guidelines and protocols will be positively supported in their actions by the school and the LA.

Both children and staff have rights. This document attempts to ensure that staff have a safe, supportive, carefully managed and monitored environment, and that children's needs, safety and rights are respected and nurtured.

Serious Incident Form

The Use of Positive Handling

1. Policy Statement

- 1.1 This policy is based on W.O. Circular 37/38 and the corresponding Newport LEA document, The Use of Reasonable Force to Control or Restrain Pupils- Policy and Guidance framework. This should be read in conjunction with the council's policy on "Care and Control and the Use of Force"...
- 1.2 At Glasllwch Primary School we work to ensure each individual pupil is able to reach his or her potential. Every child is entitled to learn and every teacher to teach in an environment that is safe, secure and free from distraction. The guiding principles to achieve this are set out in the school policy on positive behaviour management.
- 1.3 Staff at Glasllwch Primary School are committed to providing the highest standards in protecting and safeguarding the welfare of children and young people entrusted to its care. We recognise there is a need, reflected in common law, to intervene when there is an obvious risk of safety to pupils, staff and property.
- 1.4 For the most part this is achieved through the fostering of good relationships, and the normal application of positive behaviour management to support and intervene. However, in exceptional or extreme circumstances this may involve the use of reasonable force.
- 1.5 It should be emphasised that if used at all, restraint (referred to in this document as **positive handling or "restrictive physical handling" which is the Welsh Assembly Government's preferred term**) should be seen in the context of a further positive action of care and concern. In line with Welsh Office and LEA advice, it is used as a 'last resort' option. In the most extreme cases, other strategies will always have been attempted first.
- 1.6 As best practice regarding positive handling this policy should be considered alongside other relevant school policies, specifically those involving behaviour, health and safety and child protection.
- 1.7 This policy will be reviewed annually by the Governing Body and all parties will be informed by the Head teacher if there are changes that affect them.

2. The Legal Use Of Reasonable Force To Control Pupils

2.1 Teachers and other persons authorised by the head teacher to have charge of pupils may use reasonable force to prevent pupils:

- causing injury to themselves or others
- committing a crime
- causing serious damage to property
- causing disruption by engaging in behaviour which is seriously prejudicial to good order and discipline

Policies for the Safeguarding of Children

2.2 Reasonable force has no legal definition but:

- must take into account the circumstances of the incident, age, gender and development of the pupil
- the degree of force must be proportional to the seriousness of the situation, behaviour or consequences it is intended to prevent, and always be the minimum needed.
- Force could not be justified for a trivial misdemeanour or a situation that could be resolved without it
- Everyone has the right to self-defence provided they do not use a disproportionate degree of force
- Corporal punishment is illegal.

3. Objectives of This Policy

3.1 To provide all staff, governors, parents and pupils with an understanding of care and control and the use of force.

3.2 To emphasise that the use of positive handling is

- Part of a positive care and control approach to discipline and welfare
- A last resort, or a necessary expedient option to be used in extreme circumstances.

3.3 To ensure that all members of staff or authorised persons who may have to positively handle pupils, clearly understand the options, strategies and training opportunities open to them.

4. Those Who Can Use Reasonable Force

4.1 We recognise that most of the time positive handling will be used infrequently, that is, as a last resort to maintaining a safe environment.

4.2 All teaching staff have a contractual duty for "maintaining good order and discipline among pupils and safeguarding their health and safety" (*Part XI - Conditions of Employment Teachers; 39:7; Discipline, Health and Safety*); and should it be necessary, the nature of their roles authorise positive handling.

4.3 Support staff require specific authorisation to use positive handling interventions. This authorisation can only be given by the head teacher or someone deputising in his/her absence.

4.4 Authorised staff will be notified formally. A list of authorised staff is available. (Appendix 1)

4.5 Appropriate training will be provided.

5. When Reasonable Force Might Be Appropriate

5.1 We recognise that some children may not be able to control their reaction to events as well as others and at times may place themselves or others at risk through their uncontrolled behaviour. As indicated in 2.1, reasonable force might be appropriate when;

- Action is necessary in self-defence or because of imminent risk of injury
- There is a serious and developing risk of damage to property

Examples

- Pupil attacks a member of staff, another pupil, attempts self-injury, pupils are fighting

Policies for the Safeguarding of Children

- Pupil is causing or about to cause deliberate damage or vandalism
 - Pupil is causing or at risk of causing injury or damage by accident, rough play, misuse of dangerous materials or objects
 - Pupil running in stairway or corridor in a way that is likely to cause injury to self or others
 - Pupil absconds from a class or tries to leave school and who would be judged to be at risk if not kept in the classroom or at school
- Where pupil's behaviour is seriously prejudicial to good order and discipline

Examples:

- Pupil persistently refuses to obey an order to leave the classroom
- Pupil is behaving in a way that is seriously disrupting a lesson

5.2 Wherever possible early support from colleagues will be sought.

5.3 Strategies other than force will be considered e.g.

- providing disruptive pupil with a choice of locations to exit to, giving clear directions and allowing 'take-up' time thus allowing a 'face-saving' opportunity,
- removing the audience, i.e. other pupils leave the room,
- letting another member of staff take responsibility for managing the incident.

6. Procedures And Practical Considerations During Specific Incidents

6.1 Wherever practicable staff are expected to:

- Use a calm and measured approach
- Tell the pupil to stop, remind them of consequences, tell them what will happen if s/he does not stop
- Seek assistance from other colleagues at as early a stage as possible
- Staff who become aware that another member of staff is intervening physically with a pupil have a responsibility to provide a presence, and to offer support and assistance should this be required.
- Try to defuse the situation orally and prevent escalation
- Try to remove the pupil from the peer audience
- Attempt to communicate with the pupil throughout the incident
- In as calm a manner as possible, explain that the reason for intervention is to keep the pupil and others safe
- Make it clear that positive handling will stop as soon as the pupil calms and the risk assessment indicates it is no longer necessary
- If it is not possible to control the extreme pupil without risk of injury to yourself or others, remove the other pupils who may be at risk and summon assistance

6. It is good practice:

- Not to give the impression of being out of control
- Not to give the impression of having lost your temper or are acting out of anger or frustration
- Not to give the impression of trying to punish the pupil
- Not to intervene in an incident without help unless it is an emergency or staff are confident of being able to help without risk of injury or making the situation worse.
- To call for assistance.

Policies for the Safeguarding of Children

7. Application Of Force During Specific Incidents

7.1 Methods that staff **may use** must be appropriate to the circumstances of the case and are supported by a risk assessment. (See Section 2:1 and 2:2). This may include:

- Physically interposing themselves between pupils
- Blocking a pupil's path
- Using classroom furniture to restrict movement (e.g. Risk Assessment may have already highlighted the need to organise or structure a classroom to accommodate particular pupils. Reactive use of moving furniture is not recommended.)
- Leading by the arm
- Shepherding a pupil away by a light touch on the elbow or near the shoulder
- "Assertive guiding" - remembering this is the positive application of force to control a pupil and would be used in rare circumstances, e.g. if the pupil is in extreme danger and no other alternative is available, or where reasonable force is used to resist a pupil's movement
- Holding - for security and to reduce anxiety where there is potential risk, even if the pupil is not yet out of control. The purpose is to defuse or prevent escalation.
- In extreme circumstances - more restrictive holds. Staff should take care that their actions could in no way be capable of being interpreted as aggressive. All holds should be devised to minimise the risk of injury. They should not cause pain.

7.2 Staff **may not** carry out any action that might reasonably be expected to injure including:

- Holding a pupil around the neck, or by the collar, or in any other way that might restrict the ability to breathe
- Slapping, punching or kicking a pupil
- Twisting or forcing limbs against a joint
- Tripping a pupil
- Holding or pulling the pupil by the hair

Such actions might be the only viable option in the most extreme situation when emergency action is needed to prevent the risk of serious injury or loss of life, e.g. to prevent a pupil running into a busy road or to stop an extremely violent assault.

7.3 Other considerations for **non-urgent situations** where the risk to people or property is not imminent:

- Consider carefully whether positive handling is the right course of action
- Try to deal with the situation through other strategies before using force
- Try to defuse and calm the situation to establish good order, the use of positive handling could lead to an escalation of the problem
- Take into account the age, understanding, personal characteristics of the pupil
- The use of positive handling to enforce compliance is likely to be increasingly inappropriate with older pupils
- Never use force as a substitute for good behaviour management
- In non-urgent situations force should only be used when all other methods have failed

Policies for the Safeguarding of Children

8. Reporting And Recording Incidents

It is essential to protect children and to safeguard the interests of staff that good records are kept every time reasonable force is used to control a pupil or if someone suffers injury during an incident.

In Glasllwch Primary School, in exercising their duty of care, staff will record incidents in behaviour books kept in classes and on incidents forms kept in the office.

Once a situation has been brought under control, the responsibilities of staff, Heads and Managers **after every incident** are -

Employees

1. **Obtain medical attention (if necessary) as soon as possible.** All employees should be aware of the location of qualified first aiders and first aid boxes. For more serious injuries, all employees should be aware of the procedure to be followed to obtain professional medical assistance, including the location of telephones and emergency numbers.
2. **Tell your Headteacher as soon as possible.** Heads should ensure that new and temporary staff are briefed on supervision and reporting arrangements.
3. **Minor Incidents** - Log the incident in the school diary. (The type of information required is detailed in Appendix 2) Staff use their professional judgement in deciding the severity of an incident. As a guide if the answer to both the following questions is "yes", this should be logged as a minor incident.
 - ✓ Was there a risk of injury or serious disruption if there is no intervention?
 - ✓ Was there a risk of the intervention being misconstrued?
4. **Serious Incidents** (restrictive physical intervention or injury) - complete a Serious Incident report form (Appendix 3) within 24 hours and pass it to your Head Teacher. You may want to take advice from a senior colleague, your Union or Professional Association when compiling a report. You should ask witnesses to complete statements, and you should get a copy of the form after it has been signed by the Head, which you should keep for your own records.

Headteachers

1. **Ensure the situation is under control and that all participants are safe from further injury as soon as possible.** Ensure that anyone who has been injured seeks medical attention as soon as possible.
2. **Investigate the incident.** All incidents must be investigated to establish the cause, although Heads should use their discretion about the extent of the investigation.

Ensure that witnesses complete statements and where necessary, staff directly involved in the incident complete either an entry in the school log (for minor incidents) or a Serious Incident report form within 24 hours.

Policies for the Safeguarding of Children

3. **Inform the pupil's parents** verbally at the end of the day or by letter, but if they cannot be reached, they should be contacted by letter and given an opportunity to discuss the incident. It may be necessary to write to the pupil's parents in any event if the incident is very serious and further disciplinary action in line with school's behaviour policy (or protocol) is necessary.
4. **Initiate remedial action and monitor effectiveness.** If further incidents are to be prevented, it is essential that appropriate remedial action is taken as soon as possible and that its effectiveness is monitored. Further action may be necessary if incidents are repeated. The pupil's continued placement in a school or Unit should be considered if it is clear that the pupil cannot be managed safely and there is a significant risk to the pupil, staff or others that cannot be adequately controlled. If a pupil has a statement of special educational needs the appropriate reviewing procedures will need to be followed.
5. **Complete the entry in the school log/diary or Serious Incident forms.** Copies of Serious Incident forms should be attached to the school log, placed on the pupil's file, given to the employee and sent to the Principal Educational Psychologist as soon as practical after the incident.

Incidents which result in serious injury leading to time off work or hospital visits may be reportable to the HSE under RIDDOR (Reporting of Injuries, Diseases and Dangerous Occurrences Regulations). Heads should seek advice from the Health and Safety Advisor if they are unsure whether RIDDOR applies, and, if appropriate, should send completed RIDDOR forms to the HSE with a copy to the H&S Advisor.

9. **Headteachers should review the record of incidents with a Governor at least once each term** to review training needs and the effectiveness of safety procedures.

Lifelong Learning and Leisure

1. **Educational Psychology and Behaviour Support Service -**
 1. Record receipt of all Incident Report Forms and review action taken. Schools will be contacted to discuss incidents and remedial action.
 2. The Psychology Service will take an overview of the effectiveness of safety procedures, including training in positive handling and will initiate changes where appropriate.
 3. This overview will include reviewing with schools, on at least an annual basis, their record of incidents.
 4. Send a copy of the Incident Report form to the Health and Safety Advisor where there is an injury to **any** participant.
2. **Health and Safety Advisor - John Ebdon**
 1. Record receipt of all Incident Report Forms received from EPS and review action taken.
 2. Investigate incidents where appropriate, but particularly where there are serious injuries, RIDDOR implications or a likelihood of legal action.

Policies for the Safeguarding of Children

3. Send a completed copy of the Incident Report form and any investigation report to the Council's Insurance Section if there appears to be a potential claim against the Council.
4. Complete a quarterly summary of incidents in accordance with the Council's accident reporting procedure.
5. Take account of information from incident reports in preparing the Health and Safety Action Plan.

9. Debriefing Following Serious Incidents

9.1 Pupils and members of staff will be checked for any sign of injury and first aid or medical treatment will be administered if required in line with school's policy.

9.2 The pupil will be given time to become calm while staff continue to supervise him/her. When the pupil regains complete composure, a senior member of staff will discuss the incident with the pupil and try to ascertain the reason for it. The pupil will be given the opportunity to explain things from his/her point of view. All necessary steps will be taken to re-establish the relationship between the pupil and the member(s) of staff involved in the incident. In cases where it is not possible to speak to the pupil on the same day the debrief will occur as soon as possible after the pupil returns to school.

9.3 All members of staff involved will be allowed a period to debrief and recover from the incident. This may involve access to external support. A senior member of staff will provide support to the member of staff involved.

10. Other Procedures Concerning Incidents

10.1 If necessary and appropriate the Chair of Governors, LA, social services or police will be informed /consulted.

10.2 Help, support and reassurance will be given where appropriate to any victims involved.

10.3 Where possible an attempt will be made to help the pupil modify their behaviour.

10.4 If possible, meaningful or appropriate, the pupil will apologise and other consequences/sanctions reparations and monitoring take place.

10.5 In serious cases exclusion will be considered.

11. Planning for incidents and meeting training needs

11.1 If it appears likely that a pupil will require positive handling, the school will plan how to respond. This will include involving the parents to ensure they are clear about what specific action the school might need to take and obtaining medical advice if the child has any specific health needs. A positive handling agreement will be drawn up, in consultation with all concerned and included as part of the pupil's Individual Educational Plan (IEP) or Pastoral Support Plan (PSP). It will be regularly reviewed.

11.2 In cases where it is known that a pupil will require positive handling, appropriate training will be provided (accessed through EPS) for relevant staff. Staff and Heads/managers will, through risk assessment, identify their training needs in this area, and arrange appropriate training, in consultation with EPS.

Policies for the Safeguarding of Children

12. Arrangements For Informing Parents

12.1 At the outset of the introduction of this policy, all parents/carers will be sent a letter outlining its introduction with information about how they can obtain their own copy.

12.2 Thereafter, a section about the school's legal duty to maintain a safe environment and the possible use of positive handling (as a very last resort) with pupils will be included in the school brochure/prospectus/report.

12.3 As indicated in 10.1, for some children there may be the need to use specific techniques to routinely manage their challenging behaviour. This will be recorded in their IEP/ Behavioural Plan or PSP. Such arrangements will be fully discussed with parents/carers, on an individual basis, in advance of their implementation. All intervention will be routinely recorded and monitored.

12.4 Parents will be informed after restraint where positive handling is used with a pupil.

13. Physical Contact With Pupils In Other Circumstances

13.1 Staff must be sensitive to matters relating to culture and gender issues and any known individual characteristics or special circumstances relating to pupils.

13.2 Some physical contact may be necessary on other occasions, e.g. during P.E. lessons, sports coaching or CDT, or if a member of staff has to give first aid or reassurance.

13.3 Young children and children with SEN may need staff to provide physical prompts or help

13.4 Physical contact must always be appropriate and done openly.

14. Complaints.

14.1 This policy is in accordance with the LA policy in respect of the use of restrictive physical interventions in schools. As such, those acting in accordance with it, providing they act in good faith, working within the authority guidelines, will be positively supported in their actions by the school and the LA.

14.2 Involving parents when an incident occurs, and having a clear policy about physical contact with pupils to which staff adhere, will help avoid complaints from parents. Providing staff with approved training will also help.

14.3 All complaints will be recorded and followed up by the head teacher or their representative in the first instance. Where appropriate the LA will be notified/kept informed.

14.4 A complaint or dispute about the use of force by a member of staff might lead to an investigation under disciplinary procedures or by the Police and Social Services under Child Protection procedures. See other guidance in the school Child Protection Policy

Policies for the Safeguarding of Children

Part 10: Welfare Policy

1 Introduction

1.1 The health, safety and welfare of all the people who work or learn at Glasllwch Primary School are of fundamental importance. We aim to provide a safe, secure and pleasant working environment for everyone. The governing body, along with the LEA, takes responsibility for protecting the health and safety of all children and members of staff. This policy addresses issues specific to the welfare and wellbeing of children and staff. There is a separate policy which specifically addresses Health and Safety at school.

2 The school curriculum

- 2.1 We teach the children about health and safety in order to equip them with the skills, knowledge and understanding to enable them to live positive, successful and healthy lives. Teachers take every opportunity to educate children in this regard in the normal school curriculum. For example, in the geography curriculum in Key Stage 1 the unit of work, 'People who help us' deals with the work of the police and fire service. Through this topic we teach children about the danger of fire, and how to avoid accidents. Through the science curriculum we teach children about hazardous materials, and how to handle equipment safely.
- 2.2 We teach children respect for their bodies, and how to look after themselves. We discuss these issues with the children in PSE lessons and we reinforce these points in design technology, where children learn about healthy eating and hygiene. We also show them how to move and play safely in PE lessons.
- 2.3 Health and safety issues also arise when we teach care for the environment and awareness of the dangers of litter. Key Stage 2 children receive sex and drugs education. (See the Substance Misuse Policy and the Sex and Relationships Policy.)
- 2.4 Our school promotes the spiritual growth and welfare of the children through the RE curriculum, through special events such as harvest festivals, and through the daily act of collective worship.
- 2.5 Each class has the opportunity to discuss problems or issues of concern with their teacher. Teachers use circle time to help children discuss and overcome any fears and worries that they may have. Teachers handle these concerns with sensitivity.

3 School meals

- 3.1 Our school provides the opportunity for children to buy a meal at lunchtimes. If parents are in receipt of income support, they may claim free school meals for their children. We do all we can to ensure that the meals provided have a suitable nutritional value, in line with the requirements of the School Standards and Framework Act of 1998.
- 3.2 If children choose to bring their own packed lunch, we provide them with a suitable place to eat their lunch, and we supervise them during this time.

Policies for the Safeguarding of Children

3.3 Our school promotes a healthy lifestyle. As sweets can damage children's teeth, we do not allow sweets to be eaten in school. At playtimes the children can bring fruit or vegetables and a healthy drink. The children are also encouraged to bring water to school to drink regularly through the day.

4 School uniform

4.1 It is our school policy that all children wear the school uniform when attending school, or when participating in a school-organized event outside normal school hours. We agree the requirements for school uniform with parents and we review these regularly.

4.2 We always have a sensitive approach where the issue of regulations regarding uniform conflict with any child's religious or cultural beliefs. We have drawn up the regulations regarding school uniform with due regard to issues of equal opportunity and any form of discrimination.

4.3 It is the responsibility of the headteacher to ensure that the school uniform policy is enforced. It is not our school policy to exclude children from the school if they, for whatever reason, do not have the proper school uniform.

4.4 We ask parents to equip their children with the necessary uniform and school equipment, so that they are able to participate fully in all school activities. If a child repeatedly attends school without the correct uniform, we will inform parents and request that they make sure their child leaves home with the proper uniform. If a parent is in financial difficulties, and this results in a child not having the correct uniform or not having adequate equipment, our school will do all it can to support the parent. We ask parents not to send their child to school with 'extreme' hairstyles or the sort of appearance that is likely to cause them to draw attention to themselves. We ask parents to discuss any issues relating to their child's appearance if this is influenced by religious belief.

4.5 On grounds of health and safety we do not allow children to wear jewellery in our school. The exception to this rule is ear-ring studs in pierced ears. We ask children either to remove these during PE and games or to cover them with a plaster.

5 Child Protection

5.1 There is a named person responsible for child protection in the school. This is the Head Teacher. There is a named Governor with link responsibility for child protection.

5.2 If any teacher suspects that a child in their class may be the victim of abuse, they should immediately inform the Head Teacher about their concerns.

5.3 The school's named child protection officer works closely with social services and the Area Child Protection Committee (ACPC) when investigating such incidents. We handle all such cases with sensitivity and we place paramount importance on the interests of the child.

5.4 We require all adults employed in school to have their application vetted through police records in order to ensure that there is no evidence of offences involving children or abuse.

Policies for the Safeguarding of Children

6 School Security

- 6.1 While it is difficult to make the school site totally secure, we will do all we can to ensure the school is a safe environment for all who work or learn here.
Each morning the children filter into school and straight to their classrooms from 8.50am. Parents are informed that children should not be on the premises before this time. At 9.05am the school doors are locked and entry for late comers and visitors is through the front main entrance. The main door is locked with entrance gained only by an electronically operated system. All visitors are required to come to the main entrance and report to the office. They are required to sign in a visitor's book on entering and exiting the building. Parents who pick up children early from school for medical appointments must sign out in a designated book.
- 6.2 We require all adult visitors to the school who arrive in normal school hours to sign the visitors' book in the reception area, and to wear an identification badge at all times whilst on the school premises.
- 6.3 Teachers will not allow any adult to enter their classroom if the school visitor's badge does not identify them.
- 6.4 If any adult working in the school has suspicions that a person may be trespassing on the school site, they must inform the headteacher immediately. The headteacher will warn any intruder that they must leave the school site straight away. If the headteacher has any concerns that an intruder may cause harm to anyone on the school site, she will contact the police.
- 6.5 When the children are out on the yard at playtimes, there is always one teacher and one teaching assistant on duty. One member of staff is always positioned on the corner of the yard, outside the year 5 classroom, to prevent children going down the drive.
- 6.6 If a child has been identified as a cause for concern, they are allocated a Teaching Assistant to watch them on a 1:1 basis on the yard at play times.

7 Safety of Children

- 7.1 It is the responsibility of each teacher to ensure that all curriculum activities are safe. If a teacher does have any concerns about pupil safety, they should draw them to the attention of the headteacher before the activity takes place.
- 7.2 We do not take any child off the school site without the prior permission of the parent.
- 7.3 If an accident does happen, resulting in an injury to a child, the teacher will do all s/he can to aid the child concerned.

Location of first aid boxes and staff qualifications are detailed in the school Health and Safety Policy.

- 7.4 Should any incident involving injury to a child take place, one of the trained members of staff will be called to assist. If necessary, the school secretary will telephone for emergency assistance.
- 7.5 We record all incidents involving injury in the school accident book, and we inform parents in all cases. Should a child be quite seriously hurt, we contact the parents through the emergency telephone number that we keep on the school files.

Policies for the Safeguarding of Children

8 Seat Belts

- 8.1 We only use coaches and mini-buses where seat belts are provided. We instruct the children to use seat belts at all times when the bus is moving.

9 Theft or Other Criminal Acts

- 9.1 The teacher or headteacher will investigate any incidents of theft involving children.
- 9.2 If there are serious incidents of theft from the school site, the headteacher will inform the police and record the incident in the incident book.
- 9.3 Should any incident involve physical violence against a teacher, we will report this to the Health and Safety Executive and support the teacher in question if he or she wishes the matter to be reported to the police.

10 Sun Safety

- 10.1 Glasllwch Primary School enjoys the use of an exposed yard and large field where children play at break times when the weather and field conditions allow.

Mature trees around the outside of the field provide a limited amount of shade.

Picnic tables have umbrellas to provide shade from the sun during the summer.

Gazebos are put up in the Reception outside area, Garden area and on the field during the summer to provide further shade. A permanent canopy covers part of the reception outdoor play area. A wooden awning off the hall on the main yard provides shade and shelter for all children. The outdoor classroom on the field also provides shade and shelter.

- 10.2 An increased awareness of the dangers associated with sunburn and even with tanning of the skin has resulted in the drawing up of guidelines designed to inform pupils and parents of the harmful effects of sunburn and to minimize the likelihood of pupils being over exposed to the sun at school.

To ensure that children and staff are protected from skin damage caused by the harmful ultra-violet rays in sunlight, as part of our Sun Safety Policy we will:

- educate children about the causes of skin cancer and how to protect their skins
- encourage children to wear clothes that provide good sun protection and use sunscreens where appropriate
- try to avoid outdoor activities during the middle of the day
- hold outdoor activities in the shade whenever possible and encourage children to use shady areas when out in the sun
- work towards increasing the provision of adequate shade
- remind children, staff and parents about sun safety by newsletters, posters and activities for pupils
- encourage staff and parents to act as good role models by practising sun safety

Policies for the Safeguarding of Children

- invite relevant professionals to advise the school on sun safety
- monitor the implementation of this policy to make sure that it is effective.

11. Access to Drinking Water

11.1 All children should bring an individual water bottle to school with a sports cap for drinking out of. The bottle should be clearly marked with the child's name.

This policy for use of water bottles in school follows guidelines set out in the school's Positive Behaviour and Assertive Discipline Policy.

Children need to drink water regularly throughout the school day. At least 3 -4 glasses of water while at school, more in warm weather and/or when exercising.

Water fountains dispensing cold waters are located in convenient positions throughout school, for easy replenishing of water bottles by the children.

11.2 How does drinking water link to health?

- Drinking water regularly throughout the day is an important way of protecting health and contributing to well being.
- Drinking an adequate intake of water can help to prevent a range of short and long-term health problems from headaches, bladder and bowel problems to cancer.
- Water is a healthier drink than artificial drinks which may be high in sugar, additives, sweeteners and caffeine. This information follows recommendations made by the British Dental Association. Sweet and acidic drinks (including sugar free) are harmful to teeth, the more frequently they are drunk, the greater harm to teeth.
- The consumption of high sugar soft drinks can cause a rapid rise in blood sugar levels followed by a dip, resulting in low levels of physical and mental energy.
- Some children may be sensitive to additives, caffeine and sweeteners in soft drinks.

11.3 How does drinking water improve learning?

- The key to boosting the capacity to learn is frequent small drinks of water throughout the day.
- When we are thirsty mental performance deteriorates by 10%.
- Pupils concentrate better because they are not distracted by feelings of thirst, tiredness and irritability.

Children will achieve more when both their health and learning needs are met. Ensuring free access to water and promoting a regular water intake throughout the day is a vital role for schools in promoting health and providing a healthy learning environment.

11.4 Water Bottle Procedures

- Water bottles are marked with children's names in permanent marker ink. This prevents bottles getting mixed up and allays parents' concerns about hygiene. Names are regularly renewed, teachers have a class set of permanent markers.

Policies for the Safeguarding of Children

- Water bottles are kept in classrooms so that children have access to them. They are kept either on desks or on suitable work surfaces. They are to be kept away from ICT and electrical equipment.
- Members of staff also have a water bottle to drink from and serve as a role model to pupils.
- Children take home their water bottles at the end of each day to wash. They are then to be filled with drinking water at home and returned to school the next day. Parents/carers have the responsibility for keeping water bottles clean.
- Bottles are only to be filled with drinking water. The transparent nature of the bottles enables staff to check that water is being brought to school. Pupils are reminded regularly to drink throughout the day, (as otherwise after the initial burst of enthusiasm, many children fail to drink).
- Pupils are allowed to drink throughout the day, particularly after PE or after playtimes.
- Water bottles are an additional to other drinks available in school e.g. milk, or the water that is provided at lunchtimes.

12 Monitoring and Review

- 12.1 The governing body has a named governor with responsibility for health and safety matters. It is this governor's responsibility to keep the governing body informed of new regulations regarding health and safety, and to ensure that the school regularly reviews its processes and procedures with regard to health and safety matters. The governor in question also liaises with the LEA and other external agencies, to ensure that the school procedures are in line with those of the LEA.
- 12.2 The governing body, in consultation with professional advisors, carries out regular risk assessments to ensure that the school is a safe environment.
- 12.3 The headteacher implements the school health, safety and welfare policy on a day-to-day basis, and ensures that all staff are aware of the details of the policy as it applies to them.
- 12.4 The headteacher reports to governors termly on health and safety issues.
- 12.5 This policy will be reviewed at any time at the request of the governors, or at least once every two years.
